

## **CARVED INSIDE A DREAM**

**Fresh breeze blows  
Awaking trees in the spring**

**A wandering through a tune  
Next to a falling sun**

**Come down and bring me a song again**

**...  
Simple words like scars  
Carved inside a dream I can not place**

**...  
Oohh!**

**...  
Waves of sand  
Caress my face**

**...  
Obscure images of oblivion  
Lick a lie**

**...  
Cold grains of sand  
Pull the world in oblivion**

**Obvious ornaments  
Of an outer world**

**...  
Oohh!**

**...**

**Believe your enemies  
They can leave a mark**

**No one wonders  
A wandering heart**

**...  
Twenty years older  
And nothing to say**

**...  
Carnival light bulbs  
Blind lightning**

**Forget my cynical promises on the wall**
