

## **GONE**

**standing alone  
on an empty street  
I can feel the world**

**there was something missing in my life  
when I looked around  
I found the reason why**

**hold on to your heart  
hold on to the truth  
to this eternal return [of love]**

**unable to save the words  
inside a lost song  
[now] you can tell the world  
I'm gone  
will be gone**

**you grab my hand  
the only thing you can take from me  
you tell the world  
I'm gone  
will be gone**

**hold on to your heart  
hold on to the truth  
to this eternal return [of love]**

**unable to save the words  
inside a lost song  
[now] you can tell the world  
I'm gone  
will be gone**

**you grab my hand  
the only thing you can take from me  
you tell the world  
I'm gone  
will be gone**
