

## **THE DISTANCE BETWEEN US**

**Creating new spaces to live in  
Away from the heat room**

**Dragon breath lights  
The cave I'm seated in  
Projecting shadows of us...**

**...  
Unchained control of the beating heart  
You thought I could crawl  
But I slide in**

**...  
Bleeding walls of our lost life  
These songs of solitude  
Keep silent**

**...  
Oooh!**

**...  
I'm leaving with no masks on  
Safe from the distance between us  
I'm leaving with no masks on  
Safe from the distance between us**

**...  
Surrounded my life  
With your open arms  
The map I keep inside  
You draw it**

**...  
Oooh!**

**...  
I'm leaving with no masks on  
Safe from the distance between us  
I'm leaving with no masks on  
Safe from the distance between us**

**...  
Oooh!**

**...  
Creating new spaces to live in  
Away from the heat room**
